POLO CLUB

ESTABLISHED 1921

GOULBURN POLO AND
PICNIC RACE CLUB

ANNUAL TOURNAMENT

SATURDAY 11TH & SUNDAY 12TH MAY 2019

PENALTIES, FOULS & CROSSING

1.

The white player has the line, and at fair speed the black player would be crossing the line without sufficient safety margin, resulting in a penalty against black.

2.

Even at a far lesser angle the black player would still be crossing the line if he continues in that direction, and committing a dangerous foul.

3.

When travelling in the same direction the black player may draw level with white and then force him across the line and take possession of the ball without committing a foul or incurring a penalty.

4.

The black player may move in parallel with the line and play a shot, providing he can do so without interfering with white's mount or causing him to check back. If black should cross the line to the dotted position it would be a foul.

5.

Two players riding for a ball from opposite directions in the open must both give way to the left and take the ball on their right or offside.

6.

When two players are approaching a ball in the open from different directions, the player (Black), with the line of the ball on his offside, right hand side, has the right of way.

Geoff Ashton

Goulburn Polo Club farewells one of the club & district's much loved & respected member's, Geoffrey Frederick James Ashton. Geoff, son of famous Ashton brother also Geoff, was a talented polo player who only played polo for a short period of time due to his very full life running the family farm Markdale, along with many other business pursuits both here & in the US. He will be sadly missed on the sidelines.

Have a safe & enjoyable weekend

Angus Campbell
PRESIDENT
